Child Nutrition Administrators,

We are thrilled to inform you that just minutes ago, the State Board of Education voted unanimously to adopt a resolution to promote the School Breakfast Program in North Carolina and to encourage LEAs to implement innovative programs, such as breakfast in the classroom, grab-and-go breakfast and/or second chance breakfast. The resolution also acknowledges that students may eat breakfast in the classroom while appropriate educational activities are taking place, thus not detracting from the instructional day.

This is a FANTASTIC day for the state's Child Nutrition Program and, more important, for the children of our state whose lives are positively affected by the Child Nutrition Program.

We will forward the official, signed resolution in the Child Nutrition Weekly Update. In the meantime, we wanted to share this exciting news with you as soon as possible.

On behalf of the Child Nutrition Services section, thank you for your continued commitment to and passion for providing nutritious, appealing, affordable meals to our 1.5 million students.

Lynn Harvey, Section Chief  
Child Nutrition Services
