## Adaptability

This month we are kicking off our focus on the 7 Durable Skills that all NC students should gain by the time they graduate, <https://www.dpi.nc.gov/districts-schools/operation-polaris/portrait-graduate>. This month the skill is Adaptability!

Help us by pointing out ways that your child is showing adaptability at home.

Adaptability Ideas:

- Encourage your child to think about new situations as opportunities.
- Encourage your child to see the positives in change.
- Help your child adjust routines based on changes.
- Help your child minimize disappointment if a fun activity is canceled.
- Encourage your child to seek new knowledge or new information.
