Dear Parent or Guardian,

Welcome to a new semester! I am looking forward to teaching your son or daughter in Honors Math 1 or Honors Math 2 this semester. I want the 2025 Spring semester to be successful academically for your child. It is in your child's best interest that we work together to provide an orderly and safe environment in which he or she can be successful.

Attached is a Classroom Management plan and syllabus for the class. Please read the plans and discuss them with your child. Having read them, please complete and sign below to acknowledge that you have read the plans and return this letter to me. Please keep the syllabus to reference in the future. The syllabus will be attached in your child's note book.

Your child has access to a copy of the School-Wide Management Plan. Please pay special attention to this information, as it will probably answer questions you have about expectations, discipline and attendance.

If you have questions, please call the school to set up a meeting time. I would like to thank you in advance for your interest and support. I look forward to working with you and your child to make this a great school year.

I am informed of the curriculum and classroom management plan for Math 1.
