What is horticulture?

The science & art of growing fruits, vegetables, flowers, & ornamental plants.

*That is what we're going to focus on learning this semester.

Grades

*Class assignments: Count 1 time in Infinite Campus. (Paper assignments)

*Weekly Participation: 100/100 (20 points per day). You will be docked a full 20 points each day that you refuse to complete your task in the greenhouse, shed, or classroom.

*Quizzes: Count 2Xs in Infinite Campus (at the end of each unit).

*Final Exam: 25% of your final grade

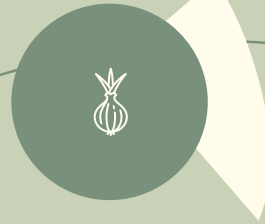

Grading Process:

Grades will be updated every Friday. This is the only day of the week that grades will change.

When?

All graded work will be returned every Monday, & students will receive an individual conference on their academic & attendance standing.

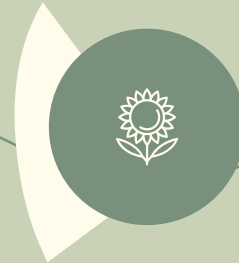

What?

4 folders in the crate.

Turn in-Absent-No Name-Graded Work

These folders are how we exchange work every week.

How?

Attendance:

1-6

Absences count for each, individual class period. Each class is separate from the others. (if you miss a full day, you do not have 4 absences- you have one in each class.)

7-9

You will have to make up time at the end of the semester. Sessions are \$3. You must make up time for each class that you go over 6 absences in.

10 or
more...

You must still make up absences 7-9 in each class, but now you also have to appeal to receive credit. You must also be passing the class.

Cell Phone Policy

I will take attendance based off of the cell phone pockets. If your phone is not in the pocket, you will be counted absent for the day. Phones are not allowed in the greenhouse, or in the classroom. You will receive one warning for failure to comply. After that, it will be reported to the office for administration to address.
