

# **NURSING FUNDAMENTALS**

## **1. Course Description**

- **Nursing Fundamentals is designed for students interested in medical careers where personal care and basic nursing skills are used. This course is an enhanced adaptation of the North Carolina division of Health Service Regulation Nurse Aide I curriculum and helps prepare students for the National Nurse Aide Assessment. Students who pass the NNAAP become listed on the NC NA I Registry. English language arts, mathematics and science are reinforced. Work-based learning strategies appropriate for this course include a required clinical internship in a long-term care agency. Healthcare agencies may require testing for tuberculosis and/or other diseases and a criminal record check for felonies related to drugs. Cooperative education is not available for this course. Enrollment is limited per North Carolina Board of Nursing Administrative Rule 21 NCAC 36.0318, which requires the ratio of teacher to nurse aide students be 1:10 or less while in the clinical area. DHSR applies the BON Rule to the classroom training area.**

## **2. Materials Needed**

- **Chromebook**
- **CNA Booklet, which will be provided**
- **Textbooks will be provided**
- **Scrubs and appropriate clinical shoes**
