

Ms. Brown's Strategies Class

What is Strategies?

This course is specifically designed to enhance your success in other subjects. We will work collaboratively to develop effective time management skills, other executive functioning skills, and deepen your understanding of concepts in areas where you may be struggling. This class is designed to help you understand how you work and learn best!

Supplies

For this class you will mainly need materials from other classes like:

1. Notes and assignments from whichever class you need help with
2. Pencil or pen, paper
3. Any other supplies that you need to complete the assignment you'll be working on
4. Effort! This class can not help you if you are not willing to put effort forward to improve your abilities!

Grading Breakdown:

You'll have a chance to earn up to a 100 every single day!

1. 50% will be based on the effort you put into completing your work
2. 25% will be for completing the daily google form
3. 25% will be for coming to class prepared

If you are putting in effort into this class and the assignments, then you will get good grades in here. If you are doing well in this class, then your grades should also be improving in other classes!

Classroom Expectations

1. Phones will not be used in the classroom! They can stay in your backpack or in the phone holder by my desk. If we have issues with people being on their phones, then we will always put phones into the holder
2. Be on time and head to your seat and start working on the Google Form when you get to class
3. Come to class prepared and ready to work
4. Be respectful of everyone and yourself

If you are respectful, responsible, and give your best every day, we should have a successful class. I am super excited about this semester and can't wait to see what y'all achieve!
