

Apparel II Application

Thank you for your interest in the Apparel II class for the 2014-2015 school year!

The curriculum for Apparel II is changing over the summer so we will all be surprised as to what we will be learning; however, I want to make sure the foundation of Apparel I is present in all students entering into Apparel II.

The selection process will include the following (in order of importance):

1. Attitude and work ethic in the class (Apparel I)

Students presented a good attitude, willing to learn and be challenged. They also completed their projects and classwork on time.

2. Quality of skills in Apparel I

Students presented quality in their workmanship.

3. Final grade in Apparel I

Students earned a B or higher as the final grade.

4. Attendance

Students missed no more than 10 days

5. Future career goals

Students presented interest in a career in the apparel industry. I understand not all students applying will have this desire, but many careers can have a link to the skills learned in Apparel I. For example, those interested in the visual arts, engineering, architecture, etc. have similar thought processes involved.

***Please write a short explanation of why you want to enroll in the Apparel II class and attach to this letter. Be sure to include the above items in your writing.**

If you have any questions or concerns, please feel free to email or call me.
