HAYWOOD COUNTY SCHOOLS FOUNDATION

2020-21

A community partnership of businesses and individuals whose purpose is to enhance public education in Haywood County Consolidated Schools.

The Haywood County Schools Foundation is the longest-running educational foundation in North Carolina

A MESSAGE FROM OUR LEADERS

Jenny Wood
Haywood County Schools Foundation Executive Director
(828) 456-2400, ext 2117
jwood@haywood.k12.nc.us

Together we have been on quite a roller coaster ride. COVID-19 has changed our lives forever. We, as individuals, as a school system, as a community, and even as a world, have endured so many changes that it is hard to comprehend. One thing we can be proud of is that we have withstood these changes and continued to put our students first.

Our community is nothing short of amazing. Your continued support has aided the students, employees, and schools of Haywood County Consolidated Schools to remain steadfast in our mission.

We have been able to fund 94 high school senior scholarships and more than 130 employee grants. The HCSF funded district-wide staff development about unconscious bias with 100 percent attendance by school board members, principals, assistant principals, and teacher leader teams from each school/department site.

COVID certainly did not let up, and the Foundation was able to provide some relief in many forms to our students, schools, and employees. More than \$29,000 was spent to ease the strain of the pandemic.

Moving into a new and brighter year, the mission of the Haywood County Schools Foundation continues to guide all of our decisions, goals, and practices. We are committed to providing educational opportunities for our students, schools, and employees. On behalf of the staff and board of directors, I want to thank you for your support. As we embark on the 2021-22 school year, please remember we are truly all in this together.

Jenny Wood

Bill Nolte, Ed. D.

Haywood County Schools Superintendent
(828) 456-2400, ext 2113

Welcome to Haywood County Schools for the 2021-22 school year. Like much of North Carolina and the rest of the nation, we have experienced a very difficult year and a half. COVID-19 and significant civil unrest created volatile and unpredictable times. When COVID-19 hit, we made a conscious decision to do as much as we could for the community, our students, and our staff.

In-person learning was shut down by the state on Saturday, March 14, 2020. By Tuesday, March 17, 2020 we had provided over 2,200 meals to the community, distributed hundreds of educational activities in paper and digital form, loaned students 948 Chromebooks (and other devices) and provided many reassuring messages to our students and families. By the end of the summer, we had distributed over three-quarter of a million meals to the community. When in-person learning was allowed to resume by the state, we opened our doors five days a week while most schools in the state only opened four days a week. Twenty-five school systems didn't open for in-person learning for over a year.

Our teachers, staff members, administrators and board members are awesome. Our community is awesome too. Many community organizations and individuals rallied to provide support for our families, our community, and our schools.

We will open the 2021-22 school year with all in-person learning. The last year and a half taught us that remote learning only works well for a small percentage of students. We were very successful preventing the on-campus spread of COVID-19. We will work to do the same in 2021-22.

Unfortunately, society seems to be growing more divided. In the past, I encouraged people to foster unity and to be less divisive while often using the tag-line, "be kind, be smart, and be safe." I implemented an administrative regulation designed to make school campuses and our public events less divisive. This summer, we worked on a policy amendment designed to guide employees in supporting unity and kindness by avoiding the promotion of particular concepts or resources related to race, sex or personal, political, social or religious beliefs.

Thankfully, the vast majority of our employees are kind, capable and supportive people. Like most policy amendments, this was written for a few who might use their position to promote their personal beliefs with students. For students, school should be about learning and having opportunities to participate in academic and extra-curricular activities. Our students should be our common focus.

We rallied to support our students during COVID-19. Let's work to ensure they have a learning environment that is free from criticism of their race, sex or personal, political, social or religious beliefs. Be kind, be smart, and be safe. The policy (7305) amendment reads as follows:

Many classes include lessons on history, civics, politics and current events. During these lessons, students are a captive audience and teachers should focus on the state and local curriculum standards and critical thinking skills. Teachers should not focus on their own personal beliefs or those of their students. Further, students and employees, should be able to attend school and school-related activities free from overt criticism, alienation or retaliation for their personal, political, social or religious beliefs. Assignments and materials shall be used in contexts that make it clear that Haywood County Schools does not sponsor or promote particular concepts or resources related to race, sex or personal, political, social or religious beliefs.

All instructional activities shall focus on state or locally approved curriculum standards in assigned courses or classes that are age-appropriate and should not be used to influence or inculcate students with a particular belief. School employees shall not use their position to promote or impose their own personal, political, social or religious beliefs on students. School employees shall not criticize, humiliate, embarrass or discredit students for their race, sex or personal, political, social or religious beliefs.

Nothing in this section shall be construed as prohibiting (1) speech protected by the First Amendment of the U.S. Constitution and (2) accessing materials on an individual basis for the purpose of research or independent study.

HOW WE MAKE A DIFFERENCE

The Haywood County Schools Foundation is a non-profit, tax-exempt organization dedicated to supporting educational opportunities for the students and staff of Haywood County Consolidated Schools.

We are a driving force in helping teachers succeed by providing classroom supplies, contributing to innovative programs, and supporting professional development opportunities. The success of our faculty is essential for a high-quality school system.

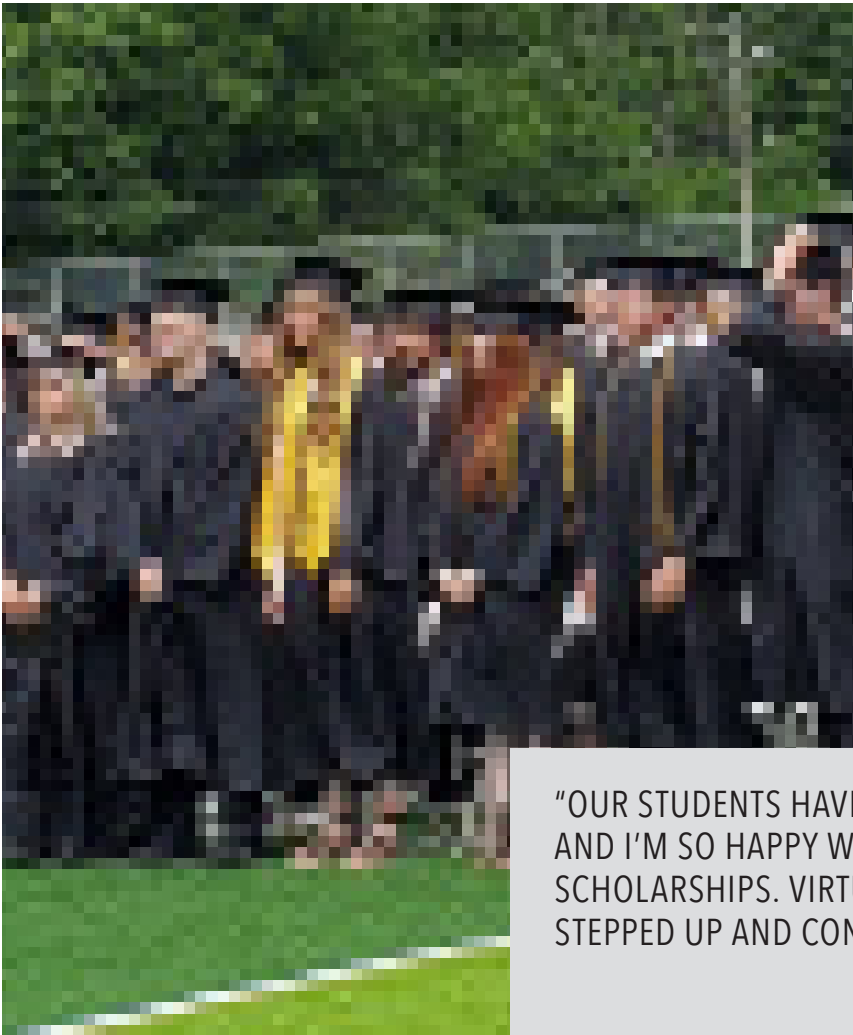

THANKS TO YOUR GENEROUS DONATIONS, THE HAYWOOD COUNTY SCHOOLS FOUNDATION WAS ABLE TO PROVIDE NEARLY \$460,000 IN FUNDING TO OUR DISTRICT'S SCHOOLS, FACULTY, AND STUDENTS DURING THE 2020-21 SCHOOL YEAR

PARTNERS IN EDUCATION

HELPING OUR STUDENTS ACHIEVE THEIR EDUCATIONAL DREAMS

In May, the Haywood County Schools Foundation awarded 94 Pisgah, Tuscola, Haywood Early College, and Central Haywood high school seniors with 119 scholarships totaling \$226,050. Scholarship amounts ranged from \$500 to \$40,000.

Currently, the Foundation manages 77 scholarships. Scholarships may be endowed or funded annually. Criteria for awarding th scholarship are designed by the donors and the Foundation board of directors. Endowed scholarships are generated through the investment of permanently-held principals so that only the income from the principal is used for scholarship awards.

“OUR STUDENTS HAVE GONE THROUGH SO MUCH OVER THE PAST YEAR AND A HALF, AND I’M SO HAPPY WE ARE ABLE TO REWARD THESE HARD-WORKING STUDENTS WITH SCHOLARSHIPS. VIRTUAL SCHOOL WAS AN ADJUSTMENT FOR THEM, BUT STUDENTS STEPPED UP AND CONTINUED TO EXCEL IN THEIR ACADEMICS.”

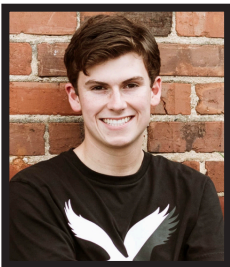

Jenny Wood, Haywood County Schools Foundation Executive Director

JOY HARDEN

High School: Tuscola
College: North Carolina State University, Business Administration
Scholarship: James and Betty Scott

“As a first generation college student, I am beyond grateful for the opportunity to attend college which was made possible by the financial support this scholarship has given.”

TREVOR WESTER

High School: Pisgah
College: Montreat College, Broadcasting Journalism
Scholarship: Haywood County Schools Foundation

“Receiving this scholarship shows how much the county supports students who work hard and want to better themselves by furthering their education. I am very blessed to have been a recipient of one of the scholarships and will put it to good use.”

SAMUEL BEAULIEU

PRINCIPAL OF THE YEAR

CLINT CONNER, PISGAH HIGH SCHOOL

Being named Principal of the Year for Haywood County Schools is by far one of the top honors of my career. I am so grateful and honored to receive such a high recognition from my colleagues and peers.

It’s difficult to imagine a better district or community to serve. The accomplishments I have received throughout my career would not be possible without the outstanding administrators, teachers, and support staff that I lean on daily to support our students. The job and responsibilities of educators are continually changing; however, Haywood County Schools’ student-centered focus remains constant.

I am continuously amazed at the amount of work and dedication the teachers and staff of Pisgah High School show every single day. The top-notch leaders and teachers I have worked with throughout the years have taught me so much.

Being a member of the Pisgah Nation is truly an honor. Words can’t express my complete gratitude to the staff and families of Pisgah High School and Haywood County. Receiving this acknowledgment is truly an honor. Go Bears!

* Thanks to Premier Magnesia, LLC / Giles Chemical Division for sponsoring the Principal of the Year award.

PANDEMIC DOESN'T DAMPER GIVING

Despite having to cancel Bingo and the Mardi Gras Ball, the community has stepped up in many amazing ways to continue supporting our students and schools. This past school year, the Haywood County Schools Foundation has continued to grow our assets. We are ready to support our students and staff in the coming year in whatever ways necessary.

MARDI GRAS BALL

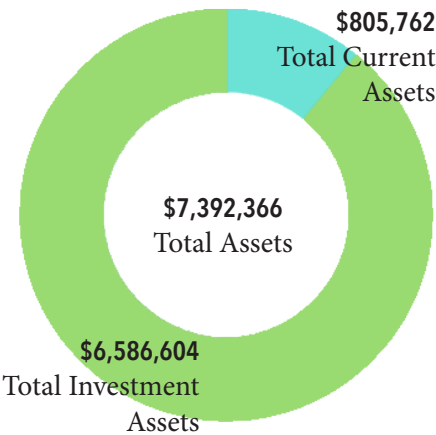

The Mardi Gras Ball, sponsored by First Citizens Bank, returns March 12, 2022 at Laurel Ridge Country Club. This annual event has raised more than \$700,000 for scholarships, grants, and support services.

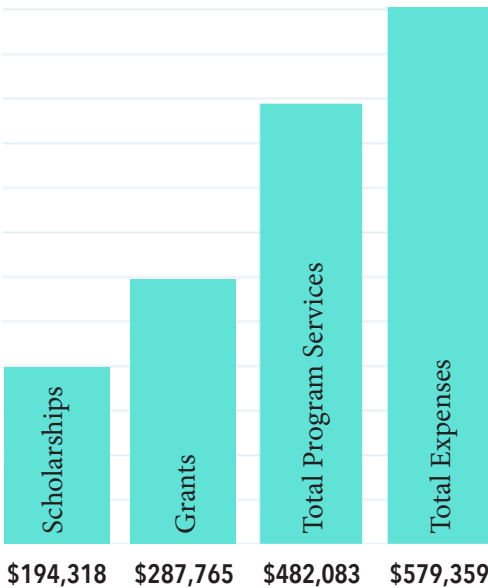

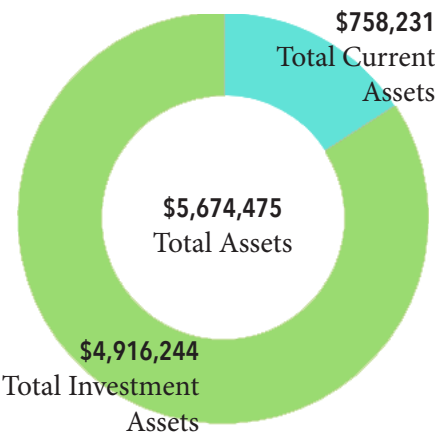

GOLF TOURNAMENT

80 golfers played in the HCSF Golf Tournament, sponsored by Better Homes and Gardens Real Estate - Heritage, on June 16 at Springdale. The event raised more than \$8,000.

In 1992 when Jonathan graduated from Pisgah High School, everyone knew he was a future leader and would one day leave his mark on Haywood County, and boy were they right! Jonathan led the charge on many charitable events and fundraisers, not to mention the mark he left on local civic organizations, as well as the many individuals his personality touched.

Jonathan spent a great deal of his time giving back to the community he loved. As the 2012 Haywood County Schools Foundation Mardi Gras King, he set a precedent for giving. He was not only a good person and so much fun to be around, he was also committed to helping the children of Haywood County. He was instrumental in establishing the Doris and Grace Plott Memorial Scholarships, two of our newest scholarship opportunities.

The Jonathan Jorstad Memorial Scholarship will be available for 2022 graduating seniors of Pisgah High School. We are honored to manage this scholarship in his memory. Jonathan made a lasting legacy for our students, and his love for the Pisgah Black Bears will indeed live on.
