

Music

Kindergarten – Fifth Grade

As we start the new school year, there's much going on all over the school. In addition to school-wide projects, there's a lot of fun and preparation going on in the music room. The 4th graders are preparing a program in honor of our veterans during November. 5th graders are learning music for their DARE graduation the last of November. 3rd graders will be beginning recorders the last of September and will have a concert late winter. 1st and 2nd grades have begun rehearsal on a Christmas musical to be presented in December. Exact dates of these programs will be published at a later time.

Hope to see you there!
